Dear Colleague:

The New York State Department of Health, Office of Managed Care is pleased to share with you the sixth Annual Managed Care Enrollment Trend Report. This report contains four sections on enrollment information: (1) December, 2000 Enrollment by County for every Fully Capitated Managed Care Plan, (2) December, 2000 Enrollment by Plan for every Fully Capitated Managed Care Plan, (3) New York State Managed Care Penetration Rates, and (4) New York State Map of Managed Care enrollment.

The Enrollment by County is collected annually using December 31st as the snapshot date. The data is self-reported by the managed care plans, in the Membership Section of the Quality Assurances Reporting Requirements (QARR). Enrollment by County was requested for: Commercial/HMO only, POS, Direct Pay, Child Health Plus, Medicare, Medicaid and Total Membership. Each managed care plan that has been in operation for one full calendar year is required to submit the QARR data.

If you have further questions, or require clarification on the Managed Care Enrollment Trend Report, you may contact the Office of Managed Care at (518) 473-2941 or (518) 486-9012.

Sincerely,

Kathleen Shure
Director
Office of Managed Care

I. SUMMARY

SUMMARY

The Managed Care Enrollment Trend Report is the New York State Department of Health's annual publication of enrollment by County for Managed Care plans licensed to operate in New York State.

The information included in this report is collected annually as of December 31st of each year. The data is self-reported by the managed care plans based on the address of their enrollees. Plans are not necessarily certified to operate in all counties that they have reported enrollment. This is due to the fact that enrollees may live in counties outside of the certified service area. There are two types of managed care plans in New York State included in this report: Health Maintenance Organizations (HMO's), and Prepaid Health Service Plans (Primarily Medicaid Only Managed Care Plans). Partial Capitation Managed Care programs are not included in this report. Starting in 1996, the data collection process was formalized within the Quality Assurance Reporting Requirements (QARR). In the Membership Section of QARR, Enrollment by County was requested for: Commercial/HMO only, POS, Direct Pay, Child Health Plus, Medicare, Medicaid and Total membership. The NYSDOH Medicaid Encounter Data System (MEDS) serves as the source for Medicaid enrolled data in this report.

Only those Managed Care plans that have been in operation for one full calendar year are required to submit QARR data.

This report contains data sorted by county as well as a report of enrollment sorted by plan for all enrollees. For purposes of this report, the NYC Unclassified section is for enrollees for whom NYC is the county of fiscal responsibility, but who have zip codes that are invalid or cannot be allocated to any borough. This unclassified problem only occurs when we break the data by borough. In addition, the penetration rates for each of the counties is provided using the 2000 Census provided by the NYS Department of Economic Development. (Total NYS population estimate as of April 1, is: 18,976,457.)
